Message from Editor

Dear Readers,

It is a great honor for us to publish Volume 7, Issue 3 of *Global Journal of Computer Sciences: Theory and Research.*

Global Journal of Computer Sciences: Theory and Research (GJCS) is an international online journal for scientists and professionals involved in all aspects of computer sciences. This journal serves as an international platform that fosters theoretical and practical issues and new applications for all scientists and professionals from the field of computer sciences including original research and innovative applications from all parts of the world.

Aim of this issue is to give the researchers an opportunity to share the results of their academic studies. There are different research topics discussed in the articles. For example, Farag Homed Ali Kuwil examined the effectiveness measurement of spectral clustering algorithm. Suat Karakaya, Gurkan Kucukyildiz and Hasan Ocak presented a dynamic path planning method for wheeled mobile robots (Dyna-bug). In addition, Gurkan Kucukyildiz, Suat Karakaya and Hasan Ocak proposed a model for the classification of multi-class motor imaginary in EEG using random forest (RF) classifier. Suat Karakaya, Ufuk Akkaya, Nurullah Sekerci, Adem Karagoz, Ali Ugur Ozay, Gurkan Kucukyildiz and Hasan Ocak discussed virtual-reality-based remote-controlled mobile robot platform. Papa Djassi examined the effects of fixed and roaming CN on MIPv6 networks. Finally, Omer Sevinc, Iman Askerbeyli and Serdar Mehmet Guzel carried out a research in order to propose a new methodology, employing Twitter data, to infer some meaningful information to remarks prominent trend topics.

A total number of twelve (12) manuscripts were submitted for this issue and each paper has been subjected to double-blind peer review process by the reviewers specialized in the related field. At the end of the review process, a total number of six (6) high quality research papers were selected and accepted for publication.

We present many thanks to all the contributors who helped us to publish this issue.

Best regards,

Prof. Dr. Dogan Ibrahim

Editor – in Chief
